

# **NURSING & MIDWIFERY COUNCIL OF NIGERIA**

(Established By Decree 89, 1979)

## **THE NURSING AND MIDWIFERY COUNCIL OF NIGERIA IS CONTINUOUSLY WORKING AT MAINTAINING EXCELLENCE IN NURSING EDUCATION AND PRACTICE**

The Nursing and Midwifery Council of Nigeria in carrying out its statutory and regulatory functions is ever determined to ensure that the Nursing and Midwifery curricula is very rich in content and reflect the current trends in the health care system and the society. Equally, to ensure high standard of Nursing Education and Practice the Council has embarked on human capacity development through series of trainings, workshops and seminars in addition to other activities, some of which include:

\*Meeting of the Nursing and Midwifery Council of Nigeria with the National Tuberculosis and Leprosy Control Programme (NBTLC) and the Netherlands Leprosy Relief Organization. This meeting which took place in Abuja from 21<sup>st</sup> to 24<sup>th</sup> November 2006, was for the review of the Tuberculosis and Leprosy components of the Nursing and Midwifery Schools' curricula to reflect the current Tuberculosis and Leprosy (TBL) treatment and control strategies.

\*National Master Trainers' Workshop on the Management of Tuberculosis and Leprosy for Nurse/Midwife Tutors held in Zaria, Kaduna State from 28<sup>th</sup> January to 2<sup>nd</sup> February 2007. This workshop was organized by the Nursing and Midwifery Council of Nigeria in collaboration with NBTLC, Zaria, to equip the tutors with the knowledge, skills and attitude required for the effective teaching of the TBL content of the curricula to the students.

\*Integrated Management of Childhood Illness (IMCI) Case Management Training in Murtala Mohammed Specialist Hospital, Kano from 4<sup>th</sup> to 9<sup>th</sup> June 2006. This was followed by

→Effective Teaching Skills 11th-12<sup>th</sup> June 2007.

→Planning and Orientation meeting 13th-14<sup>th</sup> June 2007 in which the Principals of the participating Schools also attended.
